Attorneys for Plaintiff and Proposed Class

**UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF CALIFORNIA**

NATALIE FRODSHAM, on behalf of
herself and all others similarly situated,

Plaintiff,

v.

**RACHAS, INC. d/b/a CHUZE
FITNESS**,

Defendant.

No. '24CV0210 AJB AHG

CLASS ACTION COMPLAINT

- 1. Negligence**
- 2. Negligence *per se***
- 3. Breach of Implied Contract**
- 4. Invasion of Privacy**
- 5. Breach of Fiduciary Duty**
- 6. Violation of the California
Unfair Competition Law**
- 7. Violations of the California
Consumer Privacy Act**
- 8. Declaratory Judgment**

DEMAND FOR JURY TRIAL

1 Natalie Frodsham (“Plaintiff”), through her attorneys, individually and on
2 behalf of all others similarly situated, brings this Class Action Complaint against
3 Defendant Rachas, Inc. d/b/a Chuze Fitness (“Chuze Fitness” or “Defendant”), and
4 its present, former, or future direct and indirect parent companies, subsidiaries,
5 affiliates, agents, and/or other related entities. Plaintiff alleges the following on
6 information and belief—except as to her own actions, counsel’s investigations, and
7 facts of public record.

8 NATURE OF ACTION

9 1. This class action arises from Defendant’s failure to protect highly
10 sensitive data.

11 2. Defendant Chuze Fitness owns and operates exercise gyms—with
12 approximately sixty (60) locations throughout Arizona, California, Colorado,
13 Florida, Georgia, New Mexico, and Texas.¹

14 3. As such, Defendant stores a litany of highly sensitive personal
15 identifiable information (“PII”) about its current and former employees and/or
16 consumers. But Defendant lost control over that data when cybercriminals infiltrated
17 its insufficiently protected computer systems in a data breach (the “Data Breach”).

18 4. It is unknown for precisely how long the cybercriminals had access to
19 Defendant’s network before the breach was discovered. In other words, Defendant
20 had no effective means to prevent, detect, stop, or mitigate breaches of its systems—
21 thereby allowing cybercriminals unrestricted access to its current and former
22 employees’ and/or consumers’ PII.

23 5. On information and belief, cybercriminals were able to breach
24 Defendant’s systems because Defendant failed to adequately train its employees on
25

26 ¹ *Contact Us*, CHUZE FITNESS, <https://chuzefitness.com/contact/> (last visited Jan.
27 24, 2024).

1 cybersecurity and failed to maintain reasonable security safeguards or protocols to
2 protect the Class's PII. In short, Defendant's failures placed the Class's PII in a
3 vulnerable position—rendering them easy targets for cybercriminals.

4 6. Plaintiff is a Data Breach victim, having received a breach notice—
5 attached as Exhibit A. She brings this class action on behalf of herself, and all others
6 harmed by Defendant's misconduct.

7 7. The exposure of one's PII to cybercriminals is a bell that cannot be
8 unrung. Before this data breach, its current and former employees' and/or
9 consumers' private information was exactly that—private. Not anymore. Now, their
10 private information is forever exposed and unsecure.

11 **PARTIES**

12 8. Plaintiff, Natalie Frodsham, is natural person and citizen of New
13 Mexico. She resides in Albuquerque, New Mexico where she intends to remain.

14 9. Defendant, Rachas, Inc. d/b/a Chuze Fitness, is a Stock Corporation
15 incorporated in California with its principal place of business at 1011 Camino del
16 Rio S. Suite 350, San Diego, California 92108.

17 **JURISDICTION AND VENUE**

18 10. This Court has subject matter jurisdiction over this action under the
19 Class Action Fairness Act, 28 U.S.C. § 1332(d)(2). The amount in controversy
20 exceeds \$5 million, exclusive of interest and costs. Plaintiff and Defendant are
21 citizens of different states. And there are over 100 putative Class members.

22 11. This Court has personal jurisdiction over Defendant because it is
23 headquartered in California, regularly conducts business in California, and has
24 sufficient minimum contacts in California.

25 12. Venue is proper in this Court because Defendant's principal office is in
26 this District, and because a substantial part of the events, acts, and omissions giving
27 rise to Plaintiff's claims occurred in this District.

BACKGROUND

Defendant Collected and Stored the PII of Plaintiff and the Class

13. Defendant Chuze Fitness owns and operates exercise gyms—with approximately sixty (60) locations throughout Arizona, California, Colorado, Florida, Georgia, New Mexico, and Texas.²

14. As part of its business, Defendant receives and maintains the PII of thousands of its current and former employees and/or consumers.

15. In collecting and maintaining the PII, Defendant agreed it would safeguard the data in accordance with its internal policies, state law, and federal law. After all, Plaintiff and Class members themselves took reasonable steps to secure their PII.

16. Under state and federal law, businesses like Defendant have duties to protect its current and former employees’ and/or consumers’ PII and to notify them about breaches.

17. Defendant recognizes these duties, declaring in its “Privacy Policy” that:

- a. “Chuze Fitness will not disclose, trade, rent, sell or otherwise transfer your personal information except as set out herein, with your consent or as required or permitted by law.”³
- b. “Chuze Fitness respects your privacy.”⁴
- c. “This Privacy Policy explains our privacy practices, the manner in which we may collect, use and disclose personal information

² *Contact Us*, CHUZE FITNESS, <https://chuzefitness.com/contact/> (last visited Jan. 24, 2024).

³ *Privacy Policy*, CHUZE FITNESS, <https://chuzefitness.shop/pages/privacy-policy> (last visited Jan. 24, 2024).

⁴ *Id.*

which you provide to us, and the choices you can make about how your information is collected and used.”⁵

d. “We may use a third party to perform secure payment processing for us.”⁶

e. “We have administrative, technical and physical safeguards in place to protect information we collect from loss, misuse, unauthorized access or disclosure, alteration or destruction.”⁷

18. Likewise, via its “Do Not Sell Request” webpage, Defendant promises that it “does not disclose your personal information in exchange for monetary payment.”⁸

Defendant’s Data Breach

19. On November 27, 2023, Defendant was hacked.⁹

20. Worryingly, Defendant admitted that its Data Breach resulted in “an unauthorized party gaining access to our network environment.”¹⁰

21. Because of Defendant’s Data Breach, at least the following types of PII were compromised:

- a. names;
- b. physical addresses; and
- c. Social Security numbers.

⁵ *Id.*

¹⁰ *Id.*

1 22. Currently, the precise number of persons injured is unclear. But upon
2 information and belief, the size of the putative class can be ascertained from
3 information in Defendant’s custody and control. And upon information and belief,
4 the putative class is over one hundred members—as it includes its current and former
5 employees and/or consumers.

6 23. And yet, Defendant waited until January 18, 2024, before it began
7 notifying the class—a full fifty-two (52) days after the Data Breach began.¹¹

8 24. Thus, Defendant kept the Class in the dark—thereby depriving the
9 Class of the opportunity to try and mitigate their injuries in a timely manner.

10 25. And when Defendant did notify Plaintiff and the Class of the Data
11 Breach, Defendant acknowledged that the Data Breach created a present, continuing,
12 and significant risk of suffering identity theft, warning Plaintiff and the Class to:

- 13 a. “educate yourself regarding identity theft, fraud alerts, security
14 freezes, and the steps you can take to protect yourself, by
15 contacting the consumer reporting agencies, the Federal Trade
16 Commission, or your state Attorney General.”
17 b. “obtain a copy of your credit report;”
18 c. “place a security freeze on your credit report;” and
19 d. “[w]e encourage you to take full advantage of these services.”¹²

20 26. Defendant failed its duties when its inadequate security practices
21 caused the Data Breach. In other words, Defendant’s negligence is evidenced by its
22 failure to prevent the Data Breach and stop cybercriminals from accessing the PII.
23 And thus, Defendant caused widespread injury and monetary damages.

24 27. Since the breach, Defendant has promised that it has:

26 ¹¹ *Id.*

27 ¹² *Id.*

33. Worryingly, the cybercriminals that obtained Plaintiff's and Class members' PII appear to be the notorious cybercriminal group known as "LockBit."¹⁴

34. Arising in Russia during early 2020, "LockBit" is now "the most deployed ransomware variant across the world and continues to be prolific in 2023."¹⁵

35. Thus, the Cybersecurity and Infrastructure Security Agency (CISA), Federal Bureau of Investigation (FBI), the Multi-State Information Sharing and Analysis Center (MS-ISAC) have warned that:

a. "LockBit affiliates have employed double extortion by first encrypting victim data and then exfiltrating that data while threatening to post that stolen data on leak sites."¹⁶

b. "Up to the Q1 2023, a total of 1,653 alleged victims were observed [i.e., published] on LockBit leak sites."¹⁷

36. And Reuters reports that:

a. "On the dark web, Lockbit's blog displays an ever-growing gallery of victim organisations that is updated nearly daily."¹⁸

b. "Next to their names are digital clocks showing the number of days left to the deadline given to each organisation to provide

ransom payment, failing which, the gang publishes the sensitive data it has collected.”¹⁹

37. Worryingly, it appears that LockBit already published the stolen PII—after all, the cybercriminal group indicated on its Dark Web website that it would release the stolen PII on December 29, 2023.²⁰ And LockBit indicated that it would release “More 100000 files accounting and personal data.”²¹

38. Thus, on information and belief, Plaintiff’s and the Class’s stolen PII has already been published—or will be published imminently—by cybercriminals on the Dark Web.

Plaintiff’s Experiences and Injuries

39. Plaintiff Natalie Frodsham is a former employee of Defendant—having worked for Defendant from approximately 2020 until April 2023.

40. Thus, Defendant obtained and maintained Plaintiff’s PII.

¹⁹ *Id.*

²⁰ *Lockbit3*, RANSOMLOOK, <https://www.ransomlook.io/group/lockbit3> (last visited Jan. 24, 2024).

²¹ *Id.*

1 41. As a result, Plaintiff was injured by Defendant's Data Breach.

2 42. As a condition of her employment with Defendant, Plaintiff provided
3 Defendant with her PII. Defendant used that PII to facilitate its employment of
4 Plaintiff, including payroll, and required Plaintiff to provide that PII in order to
5 obtain employment and payment for that employment.

6 43. Plaintiff provided her PII to Defendant and trusted the company would
7 use reasonable measures to protect it according to Defendant's internal policies, as
8 well as state and federal law. Defendant obtained and continues to maintain
9 Plaintiff's PII and has a continuing legal duty and obligation to protect that PII from
10 unauthorized access and disclosure.

11 44. Plaintiff reasonably understood that a portion of the funds paid to
12 Defendant (and/or derived from her employment) would be used to pay for adequate
13 cybersecurity and protection of PII.

14 45. Plaintiff does not recall ever learning that her information was
15 compromised in a data breach incident—other than the breach at issue here.

16 46. Plaintiff received a Notice of Data Breach on January 24, 2024.

17 47. Thus, on information and belief, Plaintiff's PII has already been
18 published—or will be published imminently—by cybercriminals on the Dark Web.

19 48. Through its Data Breach, Defendant compromised Plaintiff's:

- 20 a. name;
21 b. physical address; and
22 c. Social Security number.

23 49. Plaintiff has spent—and will continue to spend—significant time and
24 effort monitoring her accounts to protect herself from identity theft. After all,
25 Defendant directed Plaintiff to take those steps in its breach notice.

1 50. And in the aftermath of the Data Breach, Plaintiff has suffered from a
2 spike in spam and scam emails, text messages and phone calls—including scam calls
3 about “extended warranties” since November 2023.

4 51. Plaintiff fears for her personal financial security and worries about what
5 information was exposed in the Data Breach.

6 52. Because of Defendant’s Data Breach, Plaintiff has suffered—and will
7 continue to suffer from—anxiety, sleep disruption, stress, fear, and frustration. Such
8 injuries go far beyond allegations of mere worry or inconvenience. Rather,
9 Plaintiff’s injuries are precisely the type of injuries that the law contemplates and
10 addresses.

11 53. Plaintiff suffered actual injury from the exposure and theft of her PII—
12 which violates her rights to privacy.

13 54. Plaintiff suffered actual injury in the form of damages to and diminution
14 in the value of her PII. After all, PII is a form of intangible property—property that
15 Defendant was required to adequately protect.

16 55. Plaintiff suffered imminent and impending injury arising from the
17 substantially increased risk of fraud, misuse, and identity theft—all because
18 Defendant’s Data Breach placed Plaintiff’s PII right in the hands of criminals.

19 56. Because of the Data Breach, Plaintiff anticipates spending considerable
20 amounts of time and money to try and mitigate her injuries.

21 57. Today, Plaintiff has a continuing interest in ensuring that her PII—
22 which, upon information and belief, remains backed up in Defendant’s possession—
23 is protected and safeguarded from additional breaches.

24 ***Plaintiff and the Proposed Class Face Significant Risk of Continued Identity Theft***

25 58. Because of Defendant’s failure to prevent the Data Breach, Plaintiff and
26 Class members suffered—and will continue to suffer—damages. These damages
27
28

1 include, *inter alia*, monetary losses, lost time, anxiety, and emotional distress. Also,
2 they suffered or are at an increased risk of suffering:

- 3 a. loss of the opportunity to control how their PII is used;
- 4 b. diminution in value of their PII;
- 5 c. compromise and continuing publication of their PII;
- 6 d. out-of-pocket costs from trying to prevent, detect, and recovery
7 from identity theft and fraud;
- 8 e. lost opportunity costs and wages from spending time trying to
9 mitigate the fallout of the Data Breach by, *inter alia*, preventing,
10 detecting, contesting, and recovering from identify theft and
11 fraud;
- 12 f. delay in receipt of tax refund monies;
- 13 g. unauthorized use of their stolen PII; and
- 14 h. continued risk to their PII—which remains in Defendant’s
15 possession—and is thus as risk for futures breaches so long as
16 Defendant fails to take appropriate measures to protect the PII.

17 59. Stolen PII is one of the most valuable commodities on the criminal
18 information black market. According to Experian, a credit-monitoring service, stolen
19 PII can be worth up to \$1,000.00 depending on the type of information obtained.

20 60. The value of Plaintiff and Class’s PII on the black market is
21 considerable. Stolen PII trades on the black market for years. And criminals
22 frequently post and sell stolen information openly and directly on the “Dark Web”—
23 further exposing the information.

24 61. It can take victims years to discover such identity theft and fraud. This
25 gives criminals plenty of time to sell the PII far and wide.

26 62. One way that criminals profit from stolen PII is by creating
27 comprehensive dossiers on individuals called “Fullz” packages. These dossiers are
28

1 both shockingly accurate and comprehensive. Criminals create them by cross-
2 referencing and combining two sources of data—first the stolen PII, and second,
3 unregulated data found elsewhere on the internet (like phone numbers, emails,
4 addresses, etc.).

5 63. The development of “Fullz” packages means that the PII exposed in the
6 Data Breach can easily be linked to data of Plaintiff and the Class that is available
7 on the internet.

8 64. In other words, even if certain information such as emails, phone
9 numbers, or credit card numbers may not be included in the PII stolen by the cyber-
10 criminals in the Data Breach, criminals can easily create a Fullz package and sell it
11 at a higher price to unscrupulous operators and criminals (such as illegal and scam
12 telemarketers) over and over. That is exactly what is happening to Plaintiff and Class
13 members, and it is reasonable for any trier of fact, including this Court or a jury, to
14 find that Plaintiff and other Class members’ stolen PII is being misused, and that
15 such misuse is fairly traceable to the Data Breach.

16 65. Defendant disclosed the PII of Plaintiff and Class members for
17 criminals to use in the conduct of criminal activity. Specifically, Defendant opened
18 up, disclosed, and exposed the PII of Plaintiff and Class members to people engaged
19 in disruptive and unlawful business practices and tactics, including online account
20 hacking, unauthorized use of financial accounts, and fraudulent attempts to open
21 unauthorized financial accounts (i.e., identity fraud), all using the stolen PII.

22 66. Defendant’s failure to promptly and properly notify Plaintiff and Class
23 members of the Data Breach exacerbated Plaintiff and Class members’ injury by
24 depriving them of the earliest ability to take appropriate measures to protect their PII
25 and take other necessary steps to mitigate the harm caused by the Data Breach.

26 ***Defendant Knew—Or Should Have Known—of the Risk of a Data Breach***
27
28

1 67. Defendant’s data security obligations were particularly important given
2 the substantial increase in cyberattacks and/or data breaches in recent years.

3 68. In 2021, a record 1,862 data breaches occurred, exposing
4 approximately 293,927,708 sensitive records—a 68% increase from 2020.²²

5 69. Indeed, cyberattacks have become so notorious that the Federal Bureau
6 of Investigation (“FBI”) and U.S. Secret Service issue warnings to potential targets,
7 so they are aware of, and prepared for, a potential attack. As one report explained,
8 “[e]ntities like smaller municipalities and hospitals are attractive to ransomware
9 criminals . . . because they often have lesser IT defenses and a high incentive to
10 regain access to their data quickly.”²³

11 70. Therefore, the increase in such attacks, and attendant risk of future
12 attacks, was widely known to the public and to anyone in Defendant’s industry,
13 including Defendant.

14 ***Defendant Failed to Follow FTC Guidelines***

15 71. According to the Federal Trade Commission (“FTC”), the need for data
16 security should be factored into all business decision-making. Thus, the FTC issued
17 numerous guidelines identifying best data security practices that businesses—like
18 Defendant—should use to protect against unlawful data exposure.

19 72. In 2016, the FTC updated its publication, *Protecting Personal*
20 *Information: A Guide for Business*. There, the FTC set guidelines for what data
21
22
23

24
25 ²² See *2021 Data Breach Annual Report*, IDENTITY THEFT RESOURCE CENTER (Jan.
26 2022) <https://notified.idtheftcenter.org/s/>.

27 ²³ Ben Kochman, *FBI, Secret Service Warn of Targeted Ransomware*, LAW360
28 (Nov. 18, 2019), <https://www.law360.com/articles/1220974/fbi-secret-service-warn-of-targeted-ransomware>.

1 security principles and practices businesses must use.²⁴ The FTC declared that, *inter*
2 *alia*, businesses must:

- 3 a. protect the personal customer information that they keep;
- 4 b. properly dispose of personal information that is no longer
5 needed;
- 6 c. encrypt information stored on computer networks;
- 7 d. understand their network's vulnerabilities; and
- 8 e. implement policies to correct security problems.

9 73. The guidelines also recommend that businesses watch for the
10 transmission of large amounts of data out of the system—and then have a response
11 plan ready for such a breach.

12 74. Furthermore, the FTC explains that companies must:

- 13 a. not maintain information longer than is needed to authorize a
14 transaction;
- 15 b. limit access to sensitive data;
- 16 c. require complex passwords to be used on networks;
- 17 d. use industry-tested methods for security;
- 18 e. monitor for suspicious activity on the network; and
- 19 f. verify that third-party service providers use reasonable security
20 measures.

21 75. The FTC brings enforcement actions against businesses for failing to
22 protect customer data adequately and reasonably. Thus, the FTC treats the failure—
23 to use reasonable and appropriate measures to protect against unauthorized access to
24 confidential consumer data—as an unfair act or practice prohibited by Section 5 of
25

26 ²⁴ *Protecting Personal Information: A Guide for Business*, FEDERAL TRADE
27 COMMISSION (Oct. 2016) [https://www.ftc.gov/system/files/documents/plain-
28 language/pdf-0136_proteting-personal-information.pdf](https://www.ftc.gov/system/files/documents/plain-language/pdf-0136_proteting-personal-information.pdf).

1 the Federal Trade Commission Act (“FTCA”), 15 U.S.C. § 45. Orders resulting from
2 these actions further clarify the measures businesses must take to meet their data
3 security obligations.

4 76. In short, Defendant’s failure to use reasonable and appropriate
5 measures to protect against unauthorized access to its current and former employees’
6 and/or consumers’ data constitutes an unfair act or practice prohibited by Section 5
7 of the FTCA, 15 U.S.C. § 45.

8 ***Defendant Failed to Follow Industry Standards***

9 77. Several best practices have been identified that—at a *minimum*—
10 should be implemented by businesses like Defendant. These industry standards
11 include: educating all employees; strong passwords; multi-layer security, including
12 firewalls, anti-virus, and anti-malware software; encryption (making data
13 unreadable without a key); multi-factor authentication; backup data; and limiting
14 which employees can access sensitive data.

15 78. Other industry standard best practices include: installing appropriate
16 malware detection software; monitoring and limiting the network ports; protecting
17 web browsers and email management systems; setting up network systems such as
18 firewalls, switches, and routers; monitoring and protection of physical security
19 systems; protection against any possible communication system; and training staff
20 regarding critical points.

21 79. Defendant failed to meet the minimum standards of any of the
22 following frameworks: the NIST Cybersecurity Framework Version 1.1 (including
23 without limitation PR.AC-1, PR.AC-3, PR.AC-4, PR.AC-5, PR.AC-6, PR.AC-7,
24 PR.AT-1, PR.DS-1, PR.DS-5, PR.PT-1, PR.PT-3, DE.CM-1, DE.CM-4, DE.CM-7,
25 DE.CM-8, and RS.CO-2), and the Center for Internet Security’s Critical Security
26 Controls (CIS CSC), which are all established standards in reasonable cybersecurity
27 readiness.

1 80. These frameworks are applicable and accepted industry standards. And
2 by failing to comply with these accepted standards, Defendant opened the door to
3 the criminals—thereby causing the Data Breach.

4 **CLASS ACTION ALLEGATIONS**

5 81. Plaintiff brings this class action under Fed. R. Civ. P. 23(a), 23(b)(2),
6 and 23(b)(3), individually and on behalf of all members of the following class:

7 All individuals residing in the United States whose PII was
8 compromised in the Data Breach discovered by Chuze
9 Fitness in November 2023, including all those individuals
10 who received notice of the breach.

11 82. Excluded from the Class are Defendant, its agents, affiliates, parents,
12 subsidiaries, any entity in which Defendant has a controlling interest, any Defendant
13 officer or director, any successor or assign, and any Judge who adjudicates this case,
14 including their staff and immediate family.

15 83. Plaintiff reserves the right to amend the class definition.

16 84. Certification of Plaintiff's claims for class-wide treatment is
17 appropriate because Plaintiff can prove the elements of her claims on class-wide
18 bases using the same evidence as would be used to prove those elements in
19 individual actions asserting the same claims.

20 85. Ascertainability. All members of the proposed Class are readily
21 ascertainable from information in Defendant's custody and control. After all,
22 Defendant already identified some individuals and sent them data breach notices.

23 86. Numerosity. The Class members are so numerous that joinder of all
24 Class members is impracticable. Upon information and belief, the proposed Class
25 includes at least one hundred members.

1 87. Typicality. Plaintiff's claims are typical of Class members' claims as
2 each arises from the same Data Breach, the same alleged violations by Defendant,
3 and the same unreasonable manner of notifying individuals about the Data Breach.

4 88. Adequacy. Plaintiff will fairly and adequately protect the proposed
5 Class's common interests. Her interests do not conflict with Class members'
6 interests. And Plaintiff has retained counsel—including lead counsel—that is
7 experienced in complex class action litigation and data privacy to prosecute this
8 action on the Class's behalf.

9 89. Commonality and Predominance. Plaintiff's and the Class's claims
10 raise predominantly common fact and legal questions—which predominate over any
11 questions affecting individual Class members—for which a class wide proceeding
12 can answer for all Class members. In fact, a class wide proceeding is necessary to
13 answer the following questions:

- 14 a. if Defendant had a duty to use reasonable care in safeguarding
15 Plaintiff's and the Class's PII;
- 16 b. if Defendant failed to implement and maintain reasonable
17 security procedures and practices appropriate to the nature and
18 scope of the information compromised in the Data Breach;
- 19 c. if Defendant were negligent in maintaining, protecting, and
20 securing PII;
- 21 d. if Defendant breached contract promises to safeguard Plaintiff
22 and the Class's PII;
- 23 e. if Defendant took reasonable measures to determine the extent of
24 the Data Breach after discovering it;
- 25 f. if Defendant's Breach Notice was reasonable;
- 26 g. if the Data Breach caused Plaintiff and the Class injuries;
- 27 h. what the proper damages measure is; and

- i. if Plaintiff and the Class are entitled to damages, treble damages, and or injunctive relief.

90. Superiority. A class action will provide substantial benefits and is superior to all other available means for the fair and efficient adjudication of this controversy. The damages or other financial detriment suffered by individual Class members are relatively small compared to the burden and expense that individual litigation against Defendant would require. Thus, it would be practically impossible for Class members, on an individual basis, to obtain effective redress for their injuries. Not only would individualized litigation increase the delay and expense to all parties and the courts, but individualized litigation would also create the danger of inconsistent or contradictory judgments arising from the same set of facts. By contrast, the class action device provides the benefits of adjudication of these issues in a single proceeding, ensures economies of scale, provides comprehensive supervision by a single court, and presents no unusual management difficulties.

FIRST CAUSE OF ACTION

Negligence

(On Behalf of Plaintiff and the Class)

91. Plaintiff incorporates by reference all other paragraphs as if fully set forth herein.

92. Plaintiff and the Class entrusted their PII to Defendant on the premise and with the understanding that Defendant would safeguard their PII, use their PII for business purposes only, and/or not disclose their PII to unauthorized third parties.

93. Defendant owed a duty of care to Plaintiff and Class members because it was foreseeable that Defendant's failure—to use adequate data security in accordance with industry standards for data security—would compromise their PII in a data breach. And here, that foreseeable danger came to pass.

1 94. Defendant has full knowledge of the sensitivity of the PII and the types
2 of harm that Plaintiff and the Class could and would suffer if their PII was
3 wrongfully disclosed.

4 95. Defendant owed these duties to Plaintiff and Class members because
5 they are members of a well-defined, foreseeable, and probable class of individuals
6 whom Defendant knew or should have known would suffer injury-in-fact from
7 Defendant's inadequate security practices. After all, Defendant actively sought and
8 obtained Plaintiff and Class members' PII.

9 96. Defendant owed—to Plaintiff and Class members—at least the
10 following duties to:

- 11 a. exercise reasonable care in handling and using the PII in its care
12 and custody;
- 13 b. implement industry-standard security procedures sufficient to
14 reasonably protect the information from a data breach, theft, and
15 unauthorized;
- 16 c. promptly detect attempts at unauthorized access;
- 17 d. notify Plaintiff and Class members within a reasonable
18 timeframe of any breach to the security of their PII.

19 97. Thus, Defendant owed a duty to timely and accurately disclose to
20 Plaintiff and Class members the scope, nature, and occurrence of the Data Breach.
21 After all, this duty is required and necessary for Plaintiff and Class members to take
22 appropriate measures to protect their PII, to be vigilant in the face of an increased
23 risk of harm, and to take other necessary steps to mitigate the harm caused by the
24 Data Breach.

25 98. Defendant also had a duty to exercise appropriate clearinghouse
26 practices to remove PII it was no longer required to retain under applicable
27 regulations.

1 99. Defendant knew or reasonably should have known that the failure to
2 exercise due care in the collecting, storing, and using of the PII of Plaintiff and the
3 Class involved an unreasonable risk of harm to Plaintiff and the Class, even if the
4 harm occurred through the criminal acts of a third party.

5 100. Defendant's duty to use reasonable security measures arose because of
6 the special relationship that existed between Defendant and Plaintiff and the Class.
7 That special relationship arose because Plaintiff and the Class entrusted Defendant
8 with their confidential PII, a necessary part of obtaining services from Defendant.

9 101. The risk that unauthorized persons would attempt to gain access to the
10 PII and misuse it was foreseeable. Given that Defendant hold vast amounts of PII, it
11 was inevitable that unauthorized individuals would attempt to access Defendant's
12 databases containing the PII —whether by malware or otherwise.

13 102. PII is highly valuable, and Defendant knew, or should have known, the
14 risk in obtaining, using, handling, emailing, and storing the PII of Plaintiff and Class
15 members' and the importance of exercising reasonable care in handling it.

16 103. Defendant improperly and inadequately safeguarded the PII of Plaintiff
17 and the Class in deviation of standard industry rules, regulations, and practices at the
18 time of the Data Breach.

19 104. Defendant breached these duties as evidenced by the Data Breach.

20 105. Defendant acted with wanton and reckless disregard for the security and
21 confidentiality of Plaintiff's and Class members' PII by:

- 22 a. disclosing and providing access to this information to third
23 parties and
24 b. failing to properly supervise both the way the PII was stored,
25 used, and exchanged, and those in its employ who were
26 responsible for making that happen.
27
28

1 106. Defendant breached its duties by failing to exercise reasonable care in
2 supervising its agents, contractors, vendors, and suppliers, and in handling and
3 securing the personal information and PII of Plaintiff and Class members which
4 actually and proximately caused the Data Breach and Plaintiff and Class members'
5 injury.

6 107. Defendant further breached its duties by failing to provide reasonably
7 timely notice of the Data Breach to Plaintiff and Class members, which actually and
8 proximately caused and exacerbated the harm from the Data Breach and Plaintiff
9 and Class members' injuries-in-fact.

10 108. Defendant has admitted that the PII of Plaintiff and the Class was
11 wrongfully lost and disclosed to unauthorized third persons because of the Data
12 Breach.

13 109. As a direct and traceable result of Defendant's negligence and/or
14 negligent supervision, Plaintiff and Class members have suffered or will suffer
15 damages, including monetary damages, increased risk of future harm,
16 embarrassment, humiliation, frustration, and emotional distress.

17 110. And, on information and belief, Plaintiff's PII has already been
18 published—or will be published imminently—by cybercriminals on the Dark Web.

19 111. Defendant's breach of its common-law duties to exercise reasonable
20 care and its failures and negligence actually and proximately caused Plaintiff and
21 Class members actual, tangible, injury-in-fact and damages, including, without
22 limitation, the theft of their PII by criminals, improper disclosure of their PII, lost
23 benefit of their bargain, lost value of their PII, and lost time and money incurred to
24 mitigate and remediate the effects of the Data Breach that resulted from and were
25 caused by Defendant's negligence, which injury-in-fact and damages are ongoing,
26 imminent, immediate, and which they continue to face.

SECOND CAUSE OF ACTION
Negligence per se
(On Behalf of Plaintiff and the Class)

112. Plaintiff incorporates by reference all other paragraphs as if fully set forth herein.

113. Under the FTC Act, 15 U.S.C. § 45, Defendant had a duty to use fair and adequate computer systems and data security practices to safeguard Plaintiff's and Class members' PII.

114. Section 5 of the FTC Act prohibits "unfair . . . practices in or affecting commerce," including, as interpreted and enforced by the FTC, the unfair act or practice by businesses, such as Defendant, of failing to use reasonable measures to protect the PII entrusted to it. The FTC publications and orders promulgated pursuant to the FTC Act also form part of the basis of Defendant's duty to protect Plaintiff and the Class members' sensitive PII.

115. Defendant breached its respective duties to Plaintiff and Class members under the FTC Act by failing to provide fair, reasonable, or adequate computer systems and data security practices to safeguard PII.

116. Defendant violated its duty under Section 5 of the FTC Act by failing to use reasonable measures to protect PII and not complying with applicable industry standards as described in detail herein. Defendant's conduct was particularly unreasonable given the nature and amount of PII Defendant had collected and stored and the foreseeable consequences of a data breach, including, specifically, the immense damages that would result to individuals in the event of a breach, which ultimately came to pass.

117. The harm that has occurred is the type of harm the FTC Act is intended to guard against. Indeed, the FTC has pursued numerous enforcement actions against businesses that, because of their failure to employ reasonable data security measures

1 and avoid unfair and deceptive practices, caused the same harm as that suffered by
2 Plaintiff and members of the Class.

3 118. But for Defendant's wrongful and negligent breach of its duties owed,
4 Plaintiff and Class members would not have been injured.

5 119. The injury and harm suffered by Plaintiff and Class members was the
6 reasonably foreseeable result of Defendant's breach of their duties. Defendant knew
7 or should have known that Defendant was failing to meet its duties and that its breach
8 would cause Plaintiff and members of the Class to suffer the foreseeable harms
9 associated with the exposure of their PII.

10 120. Defendant's various violations and its failure to comply with applicable
11 laws and regulations constitutes negligence *per se*.

12 121. As a direct and proximate result of Defendant's negligence *per se*,
13 Plaintiff and Class members have suffered and will continue to suffer numerous
14 injuries (as detailed *supra*).

15 **THIRD CAUSE OF ACTION**
16 **Breach of Implied Contract**
17 **(On Behalf of Plaintiff and the Class)**

18 122. Plaintiff incorporates by reference all other paragraphs as if fully set
19 forth herein.

20 123. Plaintiff and Class members were required to provide their PII to
21 Defendant as a condition of receiving services and/or employment provided by
22 Defendant. Plaintiff and Class members provided their PII to Defendant or its third-
23 party agents in exchange for Defendant's services and/or employment.

24 124. Plaintiff and Class members reasonably understood that a portion of the
25 funds they paid Defendant (and/or derived from their employment) would be used
26 to pay for adequate cybersecurity measures.

1 125. Plaintiff and Class members reasonably understood that Defendant
2 would use adequate cybersecurity measures to protect the PII that they were required
3 to provide based on Defendant's duties under state and federal law and its internal
4 policies.

5 126. Plaintiff and the Class members accepted Defendant's offers by
6 disclosing their PII to Defendant or its third-party agents in exchange for services
7 and/or employment.

8 127. In turn, and through internal policies, Defendant agreed to protect and
9 not disclose the PII to unauthorized persons.

10 128. In its Privacy Policy, Defendant represented that they had a legal duty
11 to protect Plaintiff's and Class Member's PII.

12 129. Implicit in the parties' agreement was that Defendant would provide
13 Plaintiff and Class members with prompt and adequate notice of all unauthorized
14 access and/or theft of their PII.

15 130. After all, Plaintiff and Class members would not have entrusted their
16 PII to Defendant in the absence of such an agreement with Defendant.

17 131. Plaintiff and the Class fully performed their obligations under the
18 implied contracts with Defendant.

19 132. The covenant of good faith and fair dealing is an element of every
20 contract. Thus, parties must act with honesty in fact in the conduct or transactions
21 concerned. Good faith and fair dealing, in connection with executing contracts and
22 discharging performance and other duties according to their terms, means preserving
23 the spirit—and not merely the letter—of the bargain. In short, the parties to a contract
24 are mutually obligated to comply with the substance of their contract in addition to
25 its form.

1 133. Subterfuge and evasion violate the duty of good faith in performance
2 even when an actor believes their conduct to be justified. Bad faith may be overt or
3 consist of inaction. And fair dealing may require more than honesty.

4 134. Defendant materially breached the contracts it entered with Plaintiff
5 and Class members by:

- 6 a. failing to safeguard their information;
- 7 b. failing to notify them promptly of the intrusion into its computer
8 systems that compromised such information.
- 9 c. failing to comply with industry standards;
- 10 d. failing to comply with the legal obligations necessarily
11 incorporated into the agreements; and
- 12 e. failing to ensure the confidentiality and integrity of the electronic
13 PII that Defendant created, received, maintained, and
14 transmitted.

15 135. In these and other ways, Defendant violated its duty of good faith and
16 fair dealing.

17 136. Defendant's material breaches were the direct and proximate cause of
18 Plaintiff's and Class members' injuries (as detailed *supra*).

19 137. And, on information and belief, Plaintiff's PII has already been
20 published—or will be published imminently—by cybercriminals on the Dark Web.

21 138. Plaintiff and Class members performed as required under the relevant
22 agreements, or such performance was waived by Defendant's conduct.

23 **FOURTH CAUSE OF ACTION**
24 **Invasion of Privacy**
25 **(On Behalf of Plaintiff and the Class)**

26 139. Plaintiff incorporates by reference all other paragraphs as if fully set
27 forth herein.

1 140. Plaintiff and the Class had a legitimate expectation of privacy regarding
2 their highly sensitive and confidential PII and were accordingly entitled to the
3 protection of this information against disclosure to unauthorized third parties.

4 141. Defendant owed a duty to its current and former employees and/or
5 consumers, including Plaintiff and the Class, to keep this information confidential.

6 142. The unauthorized acquisition (i.e., theft) by a third party of Plaintiff and
7 Class members' PII is highly offensive to a reasonable person.

8 143. The intrusion was into a place or thing which was private and entitled
9 to be private. Plaintiff and the Class disclosed their sensitive and confidential
10 information to Defendant, but did so privately, with the intention that their
11 information would be kept confidential and protected from unauthorized disclosure.
12 Plaintiff and the Class were reasonable in their belief that such information would
13 be kept private and would not be disclosed without their authorization.

14 144. The Data Breach constitutes an intentional interference with Plaintiff's
15 and the Class's interest in solitude or seclusion, either as to their person or as to their
16 private affairs or concerns, of a kind that would be highly offensive to a reasonable
17 person.

18 145. Defendant acted with a knowing state of mind when it permitted the
19 Data Breach because it knew its information security practices were inadequate.

20 146. Defendant acted with a knowing state of mind when it failed to notify
21 Plaintiff and the Class in a timely fashion about the Data Breach, thereby materially
22 impairing their mitigation efforts.

23 147. Acting with knowledge, Defendant had notice and knew that its
24 inadequate cybersecurity practices would cause injury to Plaintiff and the Class.

25 148. As a proximate result of Defendant's acts and omissions, the private
26 and sensitive PII of Plaintiff and the Class were stolen by a third party and is now
27

1 available for disclosure and redisclosure without authorization, causing Plaintiff and
2 the Class to suffer damages (as detailed *supra*).

3 149. And, on information and belief, Plaintiff's PII has already been
4 published—or will be published imminently—by cybercriminals on the Dark Web.

5 150. Unless and until enjoined and restrained by order of this Court,
6 Defendant's wrongful conduct will continue to cause great and irreparable injury to
7 Plaintiff and the Class since their PII are still maintained by Defendant with their
8 inadequate cybersecurity system and policies.

9 151. Plaintiff and the Class have no adequate remedy at law for the injuries
10 relating to Defendant's continued possession of their sensitive and confidential
11 records. A judgment for monetary damages will not end Defendant's inability to
12 safeguard the PII of Plaintiff and the Class.

13 152. In addition to injunctive relief, Plaintiff, on behalf of herself and the
14 other Class members, also seeks compensatory damages for Defendant's invasion of
15 privacy, which includes the value of the privacy interest invaded by Defendant, the
16 costs of future monitoring of their credit history for identity theft and fraud, plus
17 prejudgment interest and costs.

18 **FIFTH CAUSE OF ACTION**
19 **Breach of Fiduciary Duty**
20 **(On Behalf of Plaintiff and the Class)**

21 153. Plaintiff incorporates by reference all other paragraphs as if fully set
22 forth herein.

23 154. Given the relationship between Defendant and Plaintiff and Class
24 members, where Defendant became guardian of Plaintiff's and Class members' PII,
25 Defendant became a fiduciary by its undertaking and guardianship of the PII, to act
26 primarily for Plaintiff and Class members, (1) for the safeguarding of Plaintiff and
27 Class members' PII; (2) to timely notify Plaintiff and Class members of a Data
28

1 Breach and disclosure; and (3) to maintain complete and accurate records of what
2 information (and where) Defendant did and does store.

3 155. Defendant has a fiduciary duty to act for the benefit of Plaintiff and
4 Class members upon matters within the scope of Defendant's relationship with
5 them—especially to secure their PII.

6 156. Because of the highly sensitive nature of the PII, Plaintiff and Class
7 members would not have entrusted Defendant, or anyone in Defendant's position,
8 to retain their PII had they known the reality of Defendant's inadequate data security
9 practices.

10 157. Defendant breached its fiduciary duties to Plaintiff and Class members
11 by failing to sufficiently encrypt or otherwise protect Plaintiff's and Class members'
12 PII.

13 158. Defendant also breached its fiduciary duties to Plaintiff and Class
14 members by failing to diligently discover, investigate, and give notice of the Data
15 Breach in a reasonable and practicable period.

16 159. As a direct and proximate result of Defendant's breach of its fiduciary
17 duties, Plaintiff and Class members have suffered and will continue to suffer
18 numerous injuries (as detailed *supra*).

19 **SIXTH CAUSE OF ACTION**

20 **Violation of California's Unfair Competition Law (UCL)**

21 **Cal. Bus. & Prof. Code § 17200, *et seq.***

22 **(On Behalf of Plaintiff and the Class)**

23 160. Plaintiff incorporates by reference all other paragraphs as if fully set
24 forth herein.

25 161. Defendant engaged in unlawful and unfair business practices in
26 violation of Cal. Bus. & Prof. Code § 17200, *et seq.* which prohibits unlawful, unfair,
27 or fraudulent business acts or practices ("UCL").
28

1 162. Defendant's conduct is unlawful because it violates the California
2 Consumer Privacy Act of 2018, Civ. Code § 1798.100, *et seq.* (the "CCPA"), and
3 other state data security laws.

4 163. Defendant stored the PII of Plaintiff and the Class in its computer
5 systems and knew or should have known it did not employ reasonable, industry
6 standard, and appropriate security measures that complied with applicable
7 regulations and that would have kept Plaintiff's and the Class's PII secure to prevent
8 the loss or misuse of that PII.

9 164. Defendant failed to disclose to Plaintiff and the Class that their PII was
10 not secure. However, Plaintiff and the Class were entitled to assume, and did assume,
11 that Defendant had secured their PII. At no time were Plaintiff and the Class on
12 notice that their PII was not secure, which Defendant had a duty to disclose.

13 165. Defendant also violated California Civil Code § 1798.150 by failing to
14 implement and maintain reasonable security procedures and practices, resulting in
15 an unauthorized access and exfiltration, theft, or disclosure of Plaintiff's and the
16 Class's nonencrypted and nonredacted PII.

17 166. Had Defendant complied with these requirements, Plaintiff and the
18 Class would not have suffered the damages related to the data breach.

19 167. Defendant's conduct was unlawful, in that it violated the CCPA.

20 168. Defendant's acts, omissions, and misrepresentations as alleged herein
21 were unlawful and in violation of, *inter alia*, Section 5(a) of the Federal Trade
22 Commission Act.

23 169. Defendant's conduct was also unfair, in that it violated a clear
24 legislative policy in favor of protecting consumers from data breaches.

25 170. Defendant's conduct is an unfair business practice under the UCL
26 because it was immoral, unethical, oppressive, and unscrupulous and caused
27
28

1 substantial harm. This conduct includes employing unreasonable and inadequate
2 data security despite its business model of actively collecting PII.

3 171. Defendant also engaged in unfair business practices under the
4 “tethering test.” Its actions and omissions, as described above, violated fundamental
5 public policies expressed by the California Legislature. *See, e.g.*, Cal. Civ. Code §
6 1798.1 (“The Legislature declares that . . . all individuals have a right of privacy in
7 information pertaining to them . . . The increasing use of computers . . . has greatly
8 magnified the potential risk to individual privacy that can occur from the
9 maintenance of personal information.”); Cal. Civ. Code § 1798.81.5(a) (“It is the
10 intent of the Legislature to ensure that personal information about California
11 residents is protected.”); Cal. Bus. & Prof. Code § 22578 (“It is the intent of the
12 Legislature that this chapter [including the Online Privacy Protection Act] is a matter
13 of statewide concern.”). Defendant’s acts and omissions thus amount to a violation
14 of the law.

15 172. Instead, Defendant made the PII of Plaintiff and the Class accessible to
16 scammers, identity thieves, and other malicious actors, subjecting Plaintiff and the
17 Class to an impending risk of identity theft. Additionally, Defendant’s conduct was
18 unfair under the UCL because it violated the policies underlying the laws set out in
19 the prior paragraph.

20 173. As a result of those unlawful and unfair business practices, Plaintiff and
21 the Class suffered an injury-in-fact and have lost money or property.

22 174. For one, on information and belief, Plaintiff’s and the Class’s stolen PII
23 has already been published—or will be published imminently—by cybercriminals
24 on the dark web.

25 175. The injuries to Plaintiff and the Class greatly outweigh any alleged
26 countervailing benefit to consumers or competition under all of the circumstances.

1 176. There were reasonably available alternatives to further Defendant's
2 legitimate business interests, other than the misconduct alleged in this complaint.

3 177. Therefore, Plaintiff and the Class are entitled to equitable relief,
4 including restitution of all monies paid to or received by Defendant; disgorgement
5 of all profits accruing to Defendant because of its unfair and improper business
6 practices; a permanent injunction enjoining Defendant's unlawful and unfair
7 business activities; and any other equitable relief the Court deems proper.

8
9 **SEVENTH CAUSE OF ACTION**
10 **Violations of the California Consumer Privacy Act ("CCPA")**
11 **Cal. Civ. Code § 1798.150**
12 **(On Behalf of Plaintiff and the Class)**

13 178. Plaintiff incorporates by reference all other paragraphs as if fully set
14 forth herein.

15 179. Defendant violated California Civil Code § 1798.150 of the CCPA by
16 failing to implement and maintain reasonable security procedures and practices
17 appropriate to the nature of the information to protect the nonencrypted PII of
18 Plaintiff and the Class. As a direct and proximate result, Plaintiff's and the Class's
19 nonencrypted and nonredacted PII was subject to unauthorized access and
20 exfiltration, theft, or disclosure.

21 180. Defendant is a "business" under the meaning of Civil Code § 1798.140
22 because Defendant is a "corporation, association, or other legal entity that is
23 organized or operated for the profit or financial benefit of its shareholders or other
24 owners" that "collects consumers' personal information" and is active "in the State
25 of California" and "had annual gross revenues in excess of twenty-five million
26 dollars (\$25,000,000) in the preceding calendar year." Civil Code § 1798.140(d).

27 181. Plaintiff and Class Members seek injunctive or other equitable relief to
28 ensure Defendant hereinafter adequately safeguards PII by implementing reasonable

1 security procedures and practices. Such relief is particularly important because
2 Defendant continues to hold PII, including Plaintiff's and Class members' PII.
3 Plaintiff and Class members have an interest in ensuring that their PII is reasonably
4 protected, and Defendant has demonstrated a pattern of failing to adequately
5 safeguard this information.

6 182. Pursuant to California Civil Code § 1798.150(b), Plaintiff mailed a
7 CCPA notice letter to Defendant's registered service agents, detailing the specific
8 provisions of the CCPA that Defendant has violated and continues to violate. If
9 Defendant cannot cure within 30 days—and Plaintiff believes such cure is not
10 possible under these facts and circumstances—then Plaintiff intends to promptly
11 amend this Complaint to seek statutory damages as permitted by the CCPA.

12 183. As described herein, an actual controversy has arisen and now exists as
13 to whether Defendant implemented and maintained reasonable security procedures
14 and practices appropriate to the nature of the information so as to protect the personal
15 information under the CCPA.

16 184. A judicial determination of this issue is necessary and appropriate at
17 this time under the circumstances to prevent further data breaches by Defendant.

18 **EIGHTH CAUSE OF ACTION**
19 **Declaratory Judgment**
20 **(On Behalf of Plaintiff and the Class)**

21 185. Plaintiff incorporates by reference all other paragraphs as if fully set
22 forth herein.

23 186. Under the Declaratory Judgment Act, 28 U.S.C. §§ 2201, *et seq.*, this
24 Court is authorized to enter a judgment declaring the rights and legal relations of the
25 parties and to grant further necessary relief. The Court has broad authority to restrain
26 acts, such as those alleged herein, which are tortious and unlawful.

1 187. In the fallout of the Data Breach, an actual controversy has arisen about
2 Defendant's various duties to use reasonable data security. On information and
3 belief, Plaintiff alleges that Defendant's actions were—and *still* are—inadequate and
4 unreasonable. And Plaintiff and Class members continue to suffer injury from the
5 ongoing threat of fraud and identity theft.

6 188. Given its authority under the Declaratory Judgment Act, this Court
7 should enter a judgment declaring, among other things, the following:

- 8 a. Defendant owed—and continues to owe—a legal duty to use
9 reasonable data security to secure the data entrusted to it;
- 10 b. Defendant has a duty to notify impacted individuals of the Data
11 Breach under the common law and Section 5 of the FTC Act;
- 12 c. Defendant breached, and continues to breach, its duties by failing
13 to use reasonable measures to the data entrusted to it; and
- 14 d. Defendant breaches of its duties caused—and continues to
15 cause—injuries to Plaintiff and Class members.

16 189. The Court should also issue corresponding injunctive relief requiring
17 Defendant to use adequate security consistent with industry standards to protect the
18 data entrusted to it.

19 190. If an injunction is not issued, Plaintiff and the Class will suffer
20 irreparable injury and lack an adequate legal remedy if Defendant experiences a
21 second data breach.

22 191. And if a second breach occurs, Plaintiff and the Class will lack an
23 adequate remedy at law because many of the resulting injuries are not readily
24 quantified in full and they will be forced to bring multiple lawsuits to rectify the
25 same conduct. Simply put, monetary damages—while warranted for out-of-pocket
26 damages and other legally quantifiable and provable damages—cannot cover the full
27 extent of Plaintiff and Class members' injuries.

192. If an injunction is not issued, the resulting hardship to Plaintiff and Class members far exceeds the minimal hardship that Defendant could experience if an injunction is issued.

193. An injunction would benefit the public by preventing another data breach—thus preventing further injuries to Plaintiff, Class members, and the public at large.

PRAAYER FOR RELIEF

Plaintiff and Class members respectfully request judgment against Defendant and that the Court enter an order:

- A. Certifying this case as a class action on behalf of Plaintiff and the proposed Class, appointing Plaintiff as class representative, and appointing her counsel to represent the Class;
- B. Awarding declaratory and other equitable relief as necessary to protect the interests of Plaintiff and the Class;
- C. Awarding injunctive relief as necessary to protect the interests of Plaintiff and the Class;
- D. Enjoining Defendant from further unfair and/or deceptive practices;
- E. Awarding Plaintiff and the Class damages including applicable compensatory, exemplary, punitive damages, and statutory damages, as allowed by law;
- F. Awarding restitution and damages to Plaintiff and the Class in an amount to be determined at trial;
- G. Awarding attorneys' fees and costs, as allowed by law;
- H. Awarding prejudgment and post-judgment interest, as provided by law;
- I. Granting Plaintiff and the Class leave to amend this complaint to conform to the evidence produced at trial; and
- J. Granting other relief that this Court finds appropriate.

DEMAND FOR JURY TRIAL

Plaintiff demands a jury trial for all claims so triable.
